

This pattern is to scale. Printer setting should be "Actual size" / 100%.

If your printer allows, choose "Borderless printing" so the pattern's lines print right to the edge of the paper. If your printer doesn't have that option, you'll have a white space along the edge of your paper, but cut your pattern piece as though the cut-line goes right to the edge.

*Check scale
before cutting*

PLACE ON FOLD
