*Check scale
before cutting*

This pattern is to scale. Printer setting should be
"Actual size" / 100%.

If your printer allows, choose "Borderless printing"
so the pattern's lines print right to the edge of the
paper. If your printer doesn't have that option, you'll
have a white space along the edge of your paper,
but cut your pattern piece as though the cut-line
goes right to the edge.
